RELIEF GOES INTO EFFECT FOR 7 DAYS

Approximately 700 Men to Receive Aid Under New Scheme

CALGARY, Nov. 1.—Announcement of food and sleeping accommodations for 700 men for the next week through the ranks of Calgary's single unemployed has ended the grumbling that hinted of violence yesterday.

After hearing the demands of a delegation for a \$50 cash grant and \$10 weekly maintenance for winter months, civic heads put into effect a relief scheme to last seven days and assisting the jobless sleeping in communal and meal tickets.

Efforts to reduce the number of unemployed by 700 men in this city will be made in the city, based on the fact that the unemployment is responsible for single unemployed persons.

COMMISSION MEETS

Gathering here today for its first meeting the newly appointed Alberta relief commission was expected to take the situation which has developed in the province into consideration. The commission is also expected to make recommendations on the opening of camps at Elk Island and Waterton Lakes National Parks, where the single men will be employed.

WHEAT FUTURES CLOSE ONE CENT LOWER TUESDAY

WINNIPEG, Nov. 1.—Liquidity at Liverpool in the December future has led to a decline in the grain exchange here today in spite of unimpaired good export figures and wheat prices closed more than one cent lower for the day. Export figures were estimated at 300,000 bushels and yesterday's decline was revised to 1,500,000 bushels making a total of 1,800,000 in the two days.

November closed at 4 1/2¢ off one cent exactly while December and May were each off 1/4¢ at 40¢ and 40¢ respectively. Being at Liverpool, it was an announcement in the United Kingdom House of Commons that Canadian wheat shipped to the United Kingdom through United States ports would not receive the preference accorded at the Imperial Economic Conference. The announcement had no immediate effect on trading here since traders expressed some doubt as to the interpretation customs officials will place on the term "foreign". At present all wheat shipped from Canada to the United Kingdom goes via United States ports in bond.

Counting fractionally lower in comparison with Chicago, wheat dragged through the first hour under as heavy pressure as the market experienced yesterday and in the late afternoon at Liverpool was unable to pull out of the rut with the aid of the grain and for shipment abroad.

Volatility in export figures has been underestimated at a maximum of 100,000 bushels and were revised today to nearly double.

PRICES DRIFT LOWER AS N. Y. MART SLUGGISH

NEW YORK, Nov. 1.—A rather desultory downward drift developed in an extremely sluggish stock market today. Trading continued around the small volume in recent years, but in view of the prospects of buying scattered selling was enough to reduce prices by 1 to nearly 4 points in spots. The market recovered a little at times, but rallies failed to hold. Renewed heaviness of wheat was evidently a factor in the stock market.

Union Pacific sold off as much as 10¢ and extreme tones of about 3 appeared in American Telephone.

Allied Chemical, Case and Lovelock and Nashville, although there was some recovery from the lowest levels.

Standard of New Jersey edged nearly a point. New sufficient.

Security-Vacuum lost a point, in response to the dividend reduction. Oil & Gas, a while, however, were fairly steady.
